Upon successful login, the Federal System Access warning message will be displayed.

Read and click OK to agree to its terms and proceed.

Federal System Warning

You are about to access a U.S. Government information system. Access to this system is restricted to authorized users only. Anyone who accesses this system without authorization or exceeds authorized access could be subjected to a fine or imprisonment, or both, under Public Law 98-473. By accessing the system you consent to having your activities and or access recorded by system software and periodically monitored. If this record reveals suspected unauthorized use or criminal activity, the evidence may be provided to supervisory personnel and law enforcement officials.

DO NOT PROCESS CLASSIFIED INFORMATION ON THIS SYSTEM.

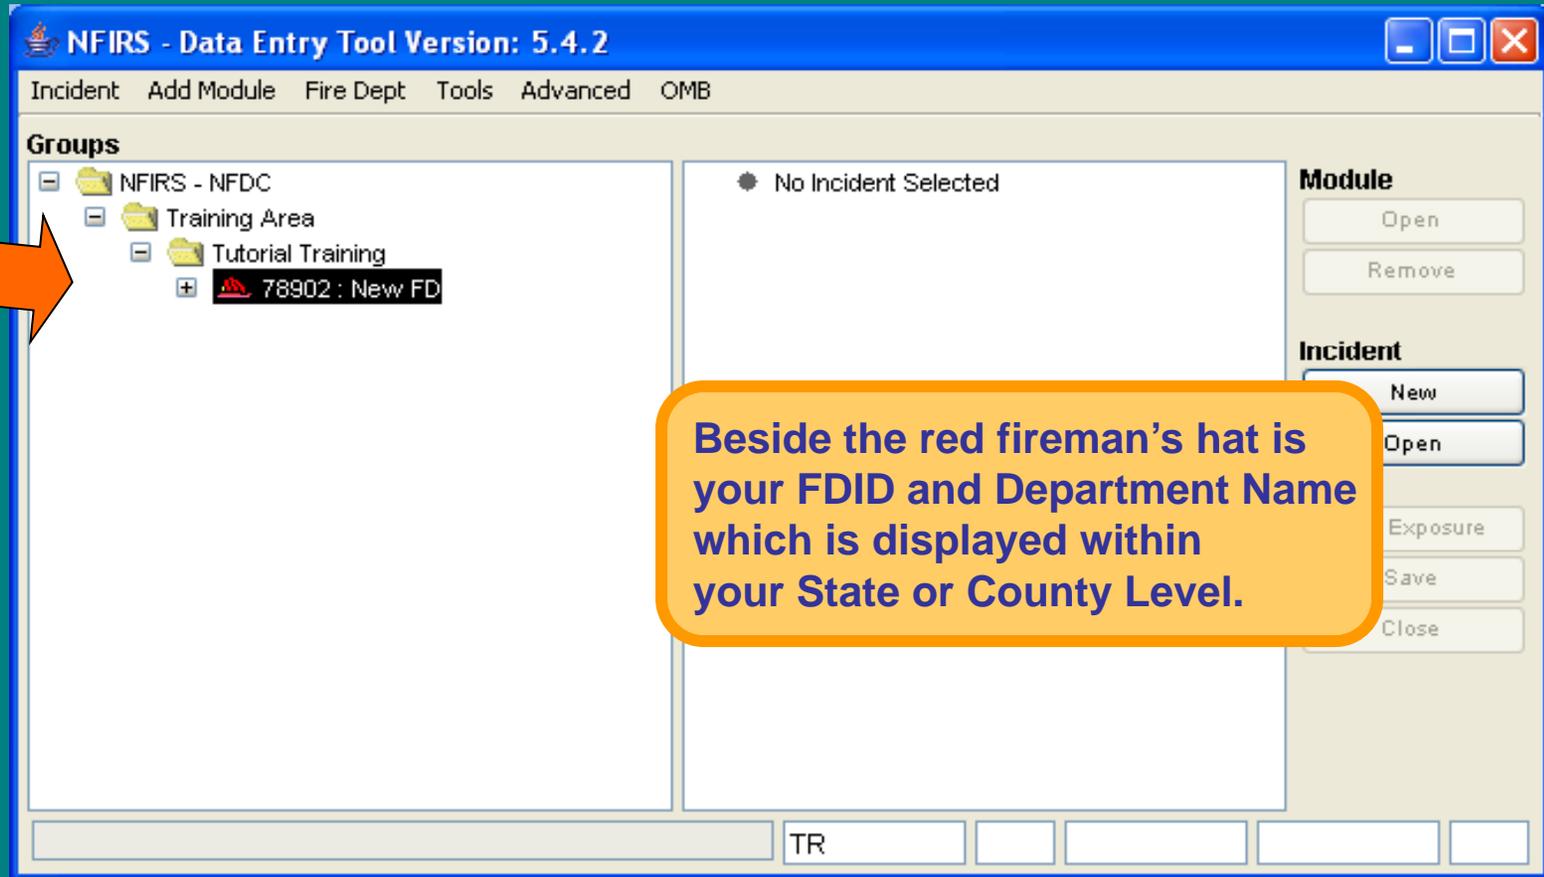

OK

The screenshot shows the NFIRS - Data Entry Tool Version 1.0.0.0 application window. The interface includes a menu bar with 'Incident', 'Add Module', 'Fire Dept', 'Tools', and 'Advanced'. The 'Incident' menu is open, listing options such as 'New Incident', 'Open Incident', 'Save Incident', 'Delete Incident', 'Generate Report', 'Close Incident', 'New Exposure', 'Validation Errors', 'Templates', and 'Exit NFIRS'. The 'Save Incident' option is highlighted. The main workspace displays 'Section A - Key Information' with a 'Basic Module' selected. A text field contains '02 : ANYTOWN FIRE DEPT'. On the right, a 'Module' section has 'Open' and 'Remove' buttons, and an 'Incident' section has 'New', 'Open', 'New Exposure', 'Save', and 'Close' buttons. An orange callout box at the top center says 'To Save this Incident...'. Another orange callout box in the middle says 'Under the Incident menu, select Save Incident.' with an arrow pointing to the 'Save Incident' menu item. A third orange callout box at the bottom says 'Or click on the Save button under Incident on the right.' with an arrow pointing to the 'Save' button in the 'Incident' section. The status bar at the bottom shows fields for '78902', 'TR', '01/16/2006', '0000001', and '000'. The Windows taskbar at the very bottom shows the Start button, taskbar icons for Internet Explorer, Infoseek - Netscape, and NFIRS - Data Entry Tool, and a system tray with the time '2:18 PM'.

To Save this Incident...

Under the Incident menu, select Save Incident.

Or click on the Save button under Incident on the right.
